# Marharyta Melnyk

## QA Manual "Junior"

### Profile

An energetic professional starting his career in testing. I believe that attention to detail and a willingness to learn are the keys to creating flawless software. My goal is not only to find a bug, but also to understand its nature in order to help the team create a perfect product for users. I believe that development in testing is a continuous process, and I am ready to grow with the team.

## Hard skills

- Strong knowledge and understanding of SDLC/STLC, software testing methodologies and techniques
- Knowledge and understanding of the overall testing process
- Experience in creation of static and dynamic test suites, end2end test cases, bug reports, checklists, user stories, test plan, FSD, workflows, manual guides and release planning
- Using Postman and RESTer to work with API
- Experience with Jmeter and Android Studio
- Experience with Github/Jira
- Basic knowledge of HTML, CSS
- Basic knowledge of SQL

## Work Experience

### GlobalLogic

#### QA Manual. Internship Program

Student Intern QA Manual
